*SCI/BU's Division of Humanities and Social Sciences strongly recommends that students enroll in the campus's introductory courses (as opposed to taking the CLEP equivalency exam) in the field(s) in which they intend to major in order to actively participate in that discipline's academic discourse.

**No specific course equivalent; however, the Registrar may be petitioned to receive elective credit for successful completion of French or German language exams.

To schedule a CLEP exam, contact the Resource Center at (217) 525-1420, extension 320 or (800) 635-7289, extension 320.
